## LEARN WITH UNITE

Learn With Unite is not just a website it's a team dedicated to offering Face to face, Virtual and blended support. Whether you are looking to gain a new qualification or for someone to cast an eye over your CV. The team is there for you!

www.learnwithunite.org is your portal to learning and support. The site offers access to a wide range of learning opportunities from short bite sized tasters to fully certified education programs.

From short 'how to' sessions to fully funded level two certificates from our partners at The Skills Network. We have something for everyone.

Most importantly there is no sign up and no monthly subscriptions to access our site and the support we offer. Most courses are free to members and where a fee is required we have negotiated massive discounts for you!

With the uncertainty we face today, we should always plan for tomorrow. Gaining new skills can fill the gaps we have that makes changing career or gaining promotion difficult.

Unite is committed to doing everything possible to assist our members and their families faced with redundancy. That is why the work done by the Learn With Unite team is crucial!

**Jim Mowatt**  
Director of Education

## MEMBERS MATTER

Members Matter is the Learn With Unite teams response to redundancy program. Where possible this support is offered in the workplace, face to face prior to the redundancy taking place.

Where this is not possible Virtual workshops and other alternatives are put in place. Below is a selection of the things the team can assist with.

CV and Covering letter workshops. This includes a range of templates and someone to cast an eye over your CV and give advice.

Job searching hints and tips, including access to live regional jobs feeds via the learnwithunite.org website. These feeds update every hour and only list live jobs.

The team works in collaboration with the National Careers Service. Offering support with finding the hidden jobs markets, interview skills, access to funding and training opportunities and lots more!

### FINANCE

Access to a range of financial help and support. Including debt management, retirement planning, tax, severance pay, Insurance and reducing your expenses.

"Due to Covid I was made redundant from the print sector. The union was amazing! The Learn With Unite team helped me with CV and letter writing. The team supported me via Zoom and the phone'. I am now back in work at the Brathay Trust as a Youth and Families Worker'!

**Chris Howard NEYH**

## OUR PARTNERS

Offering our members access to 44 FULLY FUNDED Level 2 certificate courses. These courses include a wide range of topics many designed to assist you in career development or career planning.

A selection of over 700 short bite sized courses. Whether you want to create your first PowerPoint or Spreadsheet, or brush up your public speaking to prepare for interview. Simply apply for your free access account and get started!

Short 'Drills' carried out each day comprising of a small number of questions designed to reinforce

learning. Topics include English and Maths skills.

FutureLearn is our newest partner! Whether you want to develop as a professional or discover a new hobby, there's an online course for that. You can even take your learning further with online programs and degrees.

The Unite Redundancy Response Program gives our members who are looking for work a significant advantage!

**Len McCluskey**  
General Secretary
